

## Approved Geography Track Major Courses

**GRG 301K** (Weather and Climate)

**GRG 310C** (Spatial Data and Analysis)

**GRG 333C** (Severe and Unusual Weather)

**GRG 333K** (Climate Change)

**GRG 334C** (Environmental Hazards)

**GRG 334K** (Soils)

**GRG 335C** (Quaternary Landscapes)

**GRG 335K** (Mountain Geoecology)

**GRG 335N** (Landscape Ecology)

**GRG 338C** (Rivers & Landscapes)

**GRG 339** (Process of Geomorphology)

**GRG 346** (Human Use of the Earth)

**GRG 356** (pre-approved topics only):

- GIS Applications in Social/Environmental Science
- Water Resources: Latin America/Caribbean
- Water and Watersheds
- Global Sustainability/Soil

**GRG 356T** (pre-approved topics only):

- Environmental Change and Management of Large Rivers
- Digital Terrain Modeling
- Special Topics in GIS
- Primate Conservation
- Landuse/Landcover Change Practicum
- Anthropocene
- Human Health and the Environment
- Geoprocessing

**GRG 357** (Medical Geography)

**GRG 360G** (Environmental Geographic Info Systems)

**GRG 462K** (Intro to Remote Sensing)

**GRG 464K** (Advanced Remote Sensing)

**GRG 366C** (Comparative Ecosystems)

**GRG 368C** (Spatial Analysis / GIS)

**GRG 366K** (Biogeography)

**GRG 367K** (Vegetation Ecology)

**GRG 470C** (Advanced Geographic Info Systems)

**GRG 476T** (pre-approved topics only)

### Study Abroad Options:

**GRG 356T** (Faculty-Led Summer in Botswana)

- Climate Change and Vegetation Response in the Kalahari
- Envir-Cultural Dynamics in Botswana
