

Approved Physiology, Neurobiology, and Behavior Course List Biology Track

Highlighted courses offered Fall 2021

BIO 322 & BIO 122L Seed Plants and Lab

BIO 328 Plant Physiology

BIO 438L Animal Communication

BIO 339 Micro Organisms

BIO 345E Endocrinology

BIO 346 Human Biology

BIO 359J Behavioral Ecology

BIO 359K Principles of Animal Behavior

BIO 359R Animal Sexuality

BIO 361 Human Infectious Diseases

BIO 361T Comparative Animal Physiology

BIO 465M Experimental Methods in Physiology¹

BIO 365R Vertebrate Neurobiology

BIO 365S Human Systems Physiology

BIO 367C Cell and Molecular Bases of Neural Development

BIO 371L Experimental Physiology

MNS 355C Physiology of Fishes

¹ BIO 456M is only approved to count for the 2010-12 and 2012-14 catalogs. Starting on the 2014-16 catalog and beyond, this course will not count for the Physiology, Neurobiology, and Behavior requirement.
