Approved Physiology, Neurobiology, and Behavior Course List Biology Track

Highlighted courses offered Spring 2020

BIO 322 & BIO 122L Seed Plants and Lab
BIO 328 Plant Physiology
BIO 438L Animal Communication
BIO 339 Micro Organisms
BIO 345E Endocrinology
BIO 346 Human Biology
BIO 359J Behavioral Ecology
BIO 359K Principles of Animal Behavior
BIO 359R Animal Sexuality
BIO 361 Human Infectious Diseases
BIO 361T Comparative Animal Physiology
BIO 465M Experimental Methods in Physiology
BIO 365R Vertebrate Neurobiology
BIO 365S Vertebrate Physiology
BIO 367C Cell and Molecular Bases of Neural Development
BIO 371L Experimental Physiology
MNS 355C Physiology of Fishes

1 BIO 456M is only approved to count for the 2010-12 and 2012-14 catalogs. Starting on the 2014-16 catalog and beyond, this course will not count for the Physiology, Neurobiology, and Behavior requirement.
