

Approved Physiology, Neurobiology, and Behavior Course List Biology Track

Highlighted courses offered Spring 2021

- BIO 322 & BIO 122L** Seed Plants and Lab
- BIO 328** Plant Physiology
- BIO 438L** Animal Communication
- BIO 339** Micro Organisms
- BIO 345E** Endocrinology
- BIO 346** Human Biology
- BIO 359J** Behavioral Ecology
- BIO 359K** Principles of Animal Behavior
- BIO 359R** Animal Sexuality
- BIO 361** Human Infectious Diseases
- BIO 361T** Comparative Animal Physiology
- BIO 465M** Experimental Methods in Physiology¹
- BIO 365R** Vertebrate Neurobiology
- BIO 365S** Human Systems Physiology
- BIO 367C** Cell and Molecular Bases of Neural Development
- BIO 371L** Experimental Physiology
- MNS 355C** Physiology of Fishes

¹ BIO 456M is only approved to count for the 2010-12 and 2012-14 catalogs. Starting on the 2014-16 catalog and beyond, this course will not count for the Physiology, Neurobiology, and Behavior requirement.
