Save the...Sharks!

Dr. Greg Stunz
Friday, April 12, 2019

Cool Activities (Burdine Hall)
5:30 PM – 6:40 PM

American Red Cross
Volunteering opportunities and disaster preparedness information.

Bridging Barriers: Planet Texas 2050 (UT)
Share your thoughts on how you can make Texas more resilient

Engineering Ambassador Program (UT)
Think like an engineer and design your own model deep sea diver.

Harte Research Institute - Texas A & M Corpus Christi
Explore shark jaws and learn how sharks are tagged in the wild.

Department of Integrative Biology (UT)
Hunt for M&M's within a sea of Skittles and discover how animals use camouflage to avoid predators.

Mad Science of Austin and San Antonio
Try out ocean life hands-on activities.

Marine Science Club (UT)
Touch live marine animals and connect with students from UT’s Marine Science program.

STEMed Labs
Explore the shark senses through various hands-on activities.

Texas Memorial Museum (UT)
Learn about sharks while exploring fossils of shark teeth and jaws.

Check-in is from 5:30 - 6:40 inside Burdine Hall. Please bring Eventbrite ticket. You must be in the auditorium by 6:50 p.m. or you may lose your seat.
RECEIVE A STAMP FOR EACH COOL ACTIVITY YOU VISIT.

Get FIVE STAMPS and receive a giveaway at the check-in tables.
