

### Application for the Integrated Watershed Studies Graduate Portfolio Program

**Instructions:** Applications are accepted year-round and applicants may be at any point in their graduate study. Assemble and submit all materials either electronically to Eric Hersh (Research Coordinator) at [ehersh@esi.utexas.edu](mailto:ehersh@esi.utexas.edu) or in hard copy to the ESI office (EPS 3.102A, campus mail code C9000):

First name			Last name			UT EID		
Email						Phone		
Address								
City			State			Zip code		
Department			School or college			Advisor		
Degree sought (MA, MS, PhD)			Current GPA			Expected graduation date (MM/YY)		

**Your complete application consists of:**

1. This application form
2. A brief one-page essay describing the relationship of integrated watershed studies to the your degree program, career goals, and interests
3. Proof of enrollment and good academic standing in an approved graduate degree program
4. A plan detailing how you intend to satisfy the substantive requirements of the portfolio program: (a) coursework, (b) field experience, (c) research paper related to integrated watershed studies, and (d) research presentation.
