

The central Texas floods in Spring 2015 caught everyone by surprise.

Come hear UT researchers and central Texas local public officials discuss flood modeling and community outreach innovations that may help the region better predict and prepare for future floods.

Monday, November 9 • 4:00-5:15 pm
Bass Auditorium, LBJ School of Public Affairs

Mr. Don Ferguson, *City Administrator of Wimberley*

Dr. David Maidment, *UT Austin Center for Research in Water Resources*

Mr. Harry Evans, *former Austin Fire Department Chief of Staff*

Dr. Calvin Streeter, *UT Austin School of Social Work*

**UT Science Meets Society
Seminar Series**
