

Approved Physiology, Neurobiology, and Behavior Course List (Biology Track)

Highlighted courses offered Fall 2022

- BIO 322 & BIO 122L** (Seed Plants and Lab)
- BIO 328** (Plant Physiology)
- BIO 438L** (Animal Communication)
- BIO 339** (Micro Organisms)
- BIO 345E** (Endocrinology)
- BIO 346** (Human Biology)
- BIO 359J** (Behavioral Ecology)
- BIO 359K** (Principles of Animal Behavior)
- BIO 359R** (Animal Sexuality)
- BIO 361** (Human Infectious Diseases)
- BIO 361T** (Comparative Animal Physiology)
- BIO 465M** (Experimental Methods in Physiology)¹
- BIO 365R** (Vertebrate Neurobiology)
- BIO 365S** (Human Systems Physiology)
- BIO 367C** (Cell and Molecular Bases of Neural Development)
- BIO 371L** (Experimental Physiology)
- MNS 355C** (Physiology of Fishes)

¹ BIO 456M is only approved to count for the 2010-12 and 2012-14 catalogs. Starting on the 2014-16 catalog and beyond, this course will not count for the Physiology, Neurobiology, and Behavior requirement.
