

## Approved Physiology, Neurobiology, and Behavior Course List (Biology Track)

### Highlighted courses offered Spring 2024

**BIO 322 & BIO 122L** (Seed Plants and Lab)

**BIO 328** (Plant Physiology)

**BIO 438L** (Animal Communication)

**BIO 339** (Micro Organisms)

**BIO 345E** (Endocrinology)

**BIO 346** (Human Biology)

**BIO 359J** (Behavioral Ecology)

**BIO 359K** (Principles of Animal Behavior)

**BIO 359R** (Animal Sexuality)

**BIO 361** (Human Infectious Diseases)

**BIO 361T** (Comparative Animal Physiology)

**BIO 465M** (Experimental Methods in Physiology)<sup>1</sup>

**BIO 365R** (Vertebrate Neurobiology)

**BIO 365S** (Vertebrate Physiology)

**BIO 367C** (Cell and Molecular Bases of Neural Development)

**BIO 371L** (Experimental Physiology)

**MNS 355C** (Physiology of Fishes)

---

<sup>1</sup> BIO 456M is only approved to count for the 2010-12 and 2012-14 catalogs. Starting on the 2014-16 catalog and beyond, this course will not count for the Physiology, Neurobiology, and Behavior requirement.
