

Environmental Science Degree Program
The University of Texas at Austin

Required 36 Semester Hours of Geosciences Coursework

Highlighted courses offered Spring 2025

Climate and Water Course (One Required):

GEO 347D Global Warming

GEO 347G Climate System Modeling

GEO 376E Environmental Isotope Geochemistry

GEO 476K Groundwater Hydrology

GEO 476M Aqueous Geochemistry

GEO 376S Physical Hydrology

GEO 377P Physical Climatology

GEO 371T Undergraduate Seminar in Geological Sciences

Fieldwork Course (One Required):

GEO 348K Marine Geology and Geophysics Field Course

GEO 376L Field Methods in Groundwater Hydrology

GEO 660A Field Geology

GEO 660B Field Geology
