UT Microfarm seeking interns and consistent volunteers

UT's first student-run farm, is seeking interns and consistent volunteers to attend our weekly workdays! Located near the Facilities Complex at the corner of Manor and Leona, the Microfarm uses organic, sustainable methods to grow produce for UT dining halls, HOPE Farmer's Market, and the local community. The following positions are available:

- Pest Control and Fertilizing Interns
- Compost Management Interns
- Resource Recovery Interns
- Blog/Social Media Interns
- Farm Stand Interns
- Education/Outreach Interns
- Beautification Interns

All volunteer positions have the potential to earn a paid position for summer 2016 and/or the 2016-2017 school year. If interested, please [apply here](#) by **September 18th**. Interested volunteers should then attend a weekly workday (**Wednesdays 5-8pm and Sundays 9-12pm**) to meet the staff and undergo any necessary training. No experience is required!

UT Microfarm, [2204 Leona Street](#)

Please like [our Facebook page](#) for workday updates, cancellations, and other news.
